SMOKED ROOM

Step into Dani García's Smoked Room, an exclusive culinary destination that redefines fine dining with its unique Fire Omakase concept.

With two Michelin Stars in Madrid, Smoked Room invites diners in Dubai to experience an intimate and extraordinary space where each dish is infused with the essence of smoke. Every plate is a symphony of flavours, crafted with innovative techniques and quality ingredients, transforming fine dining into an extraordinary experience.

ABOUT CHEF DANI GARCÍA

Known for his unwavering dedication to excellence, Dani García continues to push boundaries with Smoked Room Dubai.

A maestro of gastronomy, García's culinary artistry champions seasonal ingredients and intricate techniques, paying homage to authentic flavours inspired by his Andalusian origins and influenced by his global travels.

THE EXPERIENCE

The culinary concept at Smoked Room presents an exclusive three-hour Fire Omakase experience.

Derived from the Japanese word for 'trust', Omakase invites guests to 'leave everything up to the chef'. The journey begins in an intimate setting, where a unique tasting menu is meticulously prepared in front of you.

Following the main dining experience, guests are welcomed to discover the Dessert Room, a luxurious space where dim lighting and plush velvet seating create a welcoming and opulent setting.

THE GASTRONOMY

Our culinary concept revolves around the art of the grill and smoke, key pillars of our proposal.

Head Chef Jesús Lobato leads the kitchen, dedicated to crafting exquisite combinations of the finest seasonal produce.

Each dish tells a story through an intricate fusion of flavours, with smoke playing the role of essential seasoning in every preparation.

THE PAIRINGS

Enhance your gastronomic journey with a selection of carefully curated pairings by our Sommelier, Ugo Calia.

Guests can choose from three different wine pairings:

- **Introductory:** Ideal for those new to wine, featuring approachable and delightful selections.
- **Premium:** Showcasing unique and boutique producers, offering a sophisticated experience.
- **Prestige:** Highlighting prominent and well-known labels, perfect for connoisseurs seeking excellence.

For non-alcoholic options, we offer a tea pairing, crafted to harmonize perfectly with the courses on the menu. Additionally, a special lacto fermentation pairing is available, providing a refreshing and nuanced alternative.
